

NHS Test and Trace Service

- * NHS Test and Trace service to form a central part of the government coronavirus strategy.
- * Anyone with symptoms will be tested and their close contacts will be traced.
- * New guidance means those who have been in close contacts with someone who tests positive must isolate for 14 days, even if they have no symptoms, to avoid unknowingly spreading the virus.
- * The service will help identify; contain and control coronavirus, reduce the spread of the virus and save lives.
